# MISSION, VISION & OBJECTIVES

---

## OUR MISSION

To help businesses reach their full potential by providing business-goal-oriented software solutions that solve unique challenges, create value, and support long-term digital growth.

## OUR VISION

To become a leading technology solutions provider by staying at the forefront of modern tools, improving continuously, and empowering businesses with the right digital systems for success.

## OUR OBJECTIVE

To deliver dependable, scalable, and business-friendly systems that reduce manual work, improve visibility, and create measurable operational impact.

**We are the business changers behind the shadow — helping companies run smarter through the right digital systems.**

# CORE SERVICES

# RMG ERP REPORT PORTAL

Many RMG companies use Logic ERP but still struggle to get organized, management-ready reports. Standard reporting is often insufficient for buyer-wise, brand-wise, and company-specific analysis.

## OUR REPORT PORTAL SOLUTION

**Delta Dev reads Logic ERP database structures and builds customized reports based on each company's requirements. This helps organizations access meaningful information faster and make better decisions.**

**1. Logic ERP Database**  
Read structured ERP data

**2. Report Portal**  
Build customized reporting layer

**3. Management Insights**  
Buyer, brand, order, production and inventory insights

**A powerful reporting layer for RMG companies that need more from their ERP data.**

# REPORTING CAPABILITIES & BUSINESS VALUE

✓ Buyer-wise Reports

✓ Brand-wise Reports

✓ Order-wise Analysis

✓ Inventory & Stock Reports

✓ Commercial Reports

✓ Production Reports

✓ Management Dashboards
